

PREMIUM FRENCH ROSÉ

Originating from the oldest vineyards in France, the wines of Villa Riviera have never been exported before, as they were reserved for the family of the wine maker and the locals.

Located along the magnificent coast of the French Riviera, precisely between famously known Cannes and Saint-Tropez, the vines of Villa Riviera benefit from an ideal climate of three hundred days of sunshine, a delicate and delightful maritime wind that fortifies the vines and a rich terroir.

The roots of these unique vines are deeply embedded on this fertile soil and produce grapes with unique flavors and aromas that allow Villa Riviera's wine maker to assemble some of the finest rosés of Provence. These lands are the real lands of rosé. They have centuries of history and are the ones that were selected by the Greeks and the Romans 2600 years BC due to their superior quality.

## **OUR COMMITMENT TO QUALITY**

Committed to focus on quality over quantity, the grapes of Villa Riviera are carefully selected and harvested at night to preserve their freshness. They are then protected in small boxes and carried to the winery where they will be delicately pressed in the middle of the night without maceration, to guarantee a naturally pale color and beautiful luminosity. In regards to our commitment to quality, we only use the first press. These most refined juices are isolated and fermented separately in small vats to express their character and reach full potential in terms of flavors and aromas. After aging for a few months to reach maturity, they are assembled according to the Villa Riviera's secret recipe passed down from generation to generation.

## SPLENDID

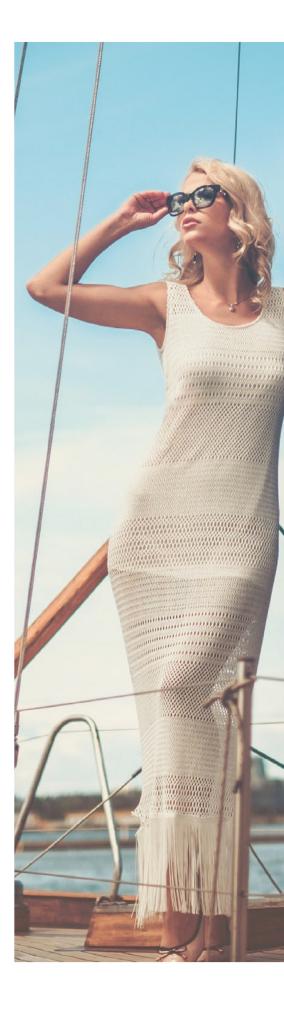

Finesse, elegance and refinement are ideal to describe this deliciously velvety rosé. The color is subtle with beautiful clarity. The nose is delicate and pleasant with aromas of peach and white flowers. Notes of strawberries will rise from the back of the palate with a touch of apple for a crisp finish. The beautiful balance of flavors and aromas will transport you straight to the dock of your yacht.

We recommend you to pair it with Ceviche, Tuna and Salmon Tartar, Fresh salads, Octopus, Asian Cuisines and Seafood.
